

Grammar – Alphabet

Jesus said... Word Chain 1

- A. Work out the **well-known saying of Jesus** and write it on the line below. Find the letters by changing each letter. Begin with H (count 4 letters forward to L) then X (count 2 letters back to V) and keep going with the next letters, alternating 4 forward and 2 back. Then fill in the blank circles with vowels.

Tip: you may need to overlap the beginning and end of the alphabet, e.g. 4 back from C will be Y.

Jesus said: "_____."

The puzzle grid consists of several rows of circles. The letters and their colors are as follows:
