"Who is the most similar to you? In what ways?" Answers will vary. When they have completed filling the gaps, students should discuss which person's internet use is most similar to their own. They should produce appropriate reasons for their choices – why they have chosen one person rather than another. For example: "I'm most similar to Patty, because I often use Skype, and I enjoy posting pictures of my family on Facebook..." Or... "I'm not at all like Richard, because I use broadband, rather than dial-up, and I've got lots of friends on Facebook and Twitter..." [etc.]

\*Note: "Gonk" could be this boy's online nickname/username!
